

Metapress-M Manual Hot Mounting Press

The METAPRESS-M is a manual, compact hot mounting press which can process many different types of sample. It is designed for applications where a moderate number of samples are being prepared. It has semi automatic design with digital display and is ideal for small and medium sized laboratories.

METAPRESS-M is contained in a stylish fibre glass reinforced plastic housing. The direct reading pressure gauge and digital set and display of mounting parameters are displayed on the front of the instrument. METAPRESS-M is equipped with a proven hydraulic system, providing a moulding force of up to 5 tons. Reloading is fast by means of a quick ram return mechanism. METAPRESS-M is suitable for all types of thermosetting and thermoplastic resins. Suitable for moulds from 25-40mm diameter.

Specification

- Mould Size: Ø 25-40mm
- Max Pressure: 310 bar
- Max temperature: 240°C
- Heating Power: 850W
- Water Cooling: Yes
- Operation: Semi automatic / Hydraulic
- Display: Digital
- Air Supply: N/A
- Size: 32mm x 39mm x 54mm
- Weight: 55Kg
- Electrical: 220-1-50
