THE
SURFACE
WORLD SHOW

2011

WITH CORREX

Pavilion, NEC, Birmingham
 1st-3rd November 2011

Surface World 2011 with **Correx** - the national surface finishing and corrosion conferences and exhibitions.

It's the finish that helps sell the product - come and see the UK's only international showcase for the product finishing, surface engineering and the corrosion control markets. All the leading surface finishing suppliers will be under one roof over three days.

Conferences, workshops, courses and seminars will run in tandem with the exhibitions.

REGISTER ONLINE AT WWW.SURFACEWORLDSHOW.COM

Surface World 2011 is the major industry event for the surface treatment industries aimed at specifiers, engineers, designers and practitioners.

The latest technologies, products and services will be on display covering protective, decorative and functional coatings of all kinds plus essential cleaning and pretreatment.

State-of-the-art techniques will be on display in the testing and measurement of coatings and surface integrity plus advanced methods of corrosion control and energy conservation.

If you want to know the very latest about finishing for your product, or want to ensure that your processes are progressive and cost effective in a hands-on setting, then visit [Surface World Show](http://www.surfaceworldshow.com).

Exhibition registration, entry and parking are all free of charge. Seminars are being run alongside the show by the British Coatings Federation.

See our website for further details and to register.
